Accelerating Direct International : Mphasis X2C²TM - Front to Back Transformation

X2C² Enabled by Cloud & Cognitive

Strategic Partnership with DXC/HP: Transformed Relationship with four Growth Engines

A series of corporate actions have resulted in creation of four new entities -

Mphasis is a preferred supplier to each of these four entities

Levers for margin improvements

Successful EBIT⁽¹⁾ margin improvement track record

(INR Mn)

- ✓ EBIT margins have improved from 13% in FY15 to 15% in FY17
- ✓ **Successful track record of margin improvements** through initiatives such as:
 - Divestment of domestic BPO business
 - Stabilization of the Product Portfolio (Eldorado)
 - Outsourcing the operations of the ATM business

Further levers for improvement

Pyramid Optimization

- Increase share of fresher and junior resources which improves billing multiples

Automation

- Increased use of robotics and non-linear models to drive productivity and protect the core business

People Supply Chain

- Matching resources with appropriate skill-sets to enhance utilization

Strategic Shoring

- Delivery from most optimal locations

Commercial Model

- Increasing share of fixed price contracts and managed services business

Margin improvements and cost savings at each level, along with an increasing trend of non-linear revenues

Note: EBIT: Earnings before Interest and Tax; EBIT margin means EBIT divided by revenue from operations
 (1) FY15 is based on Indian GAAP, FY16 is based on Special Purpose Ind-AS, and FY17 is based on Ind-AS
